3. Results and discussion

Tables and figures should be carefully chosen and the same information should not be given in both a table and a figure. Tables, figures including photo and schemes including complexed equations should be numbered consecutively with Arabic numerals, e.g. Table 1, Fig. 1, and Scheme 1 in numerical order (**Table 1**). Each table, figure, and scheme must be referred to in the text and its approximate location indicated (**Fig. 1**).

Please insert the tables and figures in the appropriate page (**Fig. 2**). Please write the caption and description after the table/figure number (**Table 2**)⁸⁾.
